

How to Connect Chromebook to WiFi

- 1. Push the power button to turn on your chromebook and wait for it to load.
- 2. Plug the power adapter into your chromebook to charge the battery, if needed.

3. You will be greeted with the screen to the left if you're not connected to a wireless network. Otherwise, refer to Step 5.

4. Next, choose your desired wireless network and type in the password, if necessary, then click "Connect".
