

Password Worksheet For Students

What is a password? According to dictionary.com a password is a secret word or phrase that must be used to gain admission to something i.e. a string of characters that allows access to a computer, interface, or system.

You may ask, "How do I come up with a password?" A password should be both memorable and something that cannot be guessed. For example you can combine your favorite color or your hobby, add a cool looking symbol and your favorite number (PinkBiking!100) or you can make it a sentence (IlikePik@chu!).

Here's how to log into the School computers

- Your Username is your student ID# (the same number you use to log into lexia.)
- Your first time password is @NmcusdMMDDYYYY
 - MMDDYYYY is your birthday (MM= Month, DD= Day, YYYY= Year)
 - For example your default password could be @Nmcusd01012001

Write your birthday in MMDDYYYY form here: @Nmcusd_____

You have just written your first time login password

Now you will create a new password

1. What do you like? Favorite hobby? What's your favorite book, video game, movie, or Character? Remember to capitalize the first letter!
 - a. _____
2. What is your favorite number?
 - a. _____
3. What symbol do you like the most? You will have to pick from those on top of the numbers, and press shift when you type it.
 - a. _____

Write it all together here:

***** **Keep this paper in a safe spot do not lose it, do not share it*******
