Our Mission at North Monterey County Center for Independent Study

The mission of NMCCIS is the formation of an educational partnership between students, staff, parents and the community to foster academic and personal growth in an individualized alternative academic setting.

Schoolwide Learner Outcomes

At NMCCIS, we believe all students will:

- Be partners in the learning process,
- Be able to communicate effectively,
- Think critically and support ideas through problem solving,
- Master state academic standards and graduation requirements,
- Be independent, lifelong learners who take responsibility for themselves and their learning.

NMCCIS POLICIES & PROCEDURES

General School Policy

The NMCCIS is a fully accredited district alternative school of choice that utilizes independent study as the primary instructional strategy and provides an individualized learning program for students. Working in partnership with students and parents, the maintenance of a quality educational environment requires rules, regulations, and procedures to ensure a productive atmosphere and a safe and orderly campus. This handbook outlines the policies and procedures for NMCCIS. Please review this handbook carefully.

Regular and Effective Contact School Policy

NMCCIS supervising teachers initiate and maintain regular effective contact with their students for the purpose of teaching

throughout the duration of courses offered during the semester. This contact is initiated multiple times during each week through the scheduling and facilitation of individual face-to-face conferences/instructional sessions, telephone contact, and email. Students also participate in small group instruction for science labs and study hall sessions. Students have frequent opportunities to receive instruction in course content, to ask questions, and to receive guidance from their teacher throughout the duration of courses offered.

Teacher-Student Conferences

Supervising teachers establish a regular and ongoing conference schedule for face-to-face instructional sessions with students for the purpose of teaching course content. During these conferences, the teacher:

1. Provides direct instruction in course content.
2. Assesses student work and determines and assigns grades.
3. Judges the time value of assigned work or work products completed and submitted by the student.
4. Selects and saves representative samples of the student's completed and evaluated assignments for each subject, signed and dated notations indicating that he/she has personally evaluated the work or that he/she has personally reviewed the evaluations made by another certificated teacher.
5. Writes assignments for the following week in the *Student Work Assignment Record* and instructs student. The student will submit assignments on or before the due date specified in the *Student Work Assignment Record*.

Except in unusual circumstances, it is expected that the supervising teacher will meet, either in person or by electronic means, with each participating student at least once a week to discuss the student's progress.

Monitoring Student Progress

Students who are late, miss scheduled conferences, or do not submit assigned work on time shall trigger an immediate intervention by the supervising teacher to promptly and directly address any failure by the student to meet the terms of his/her written agreement. The following supportive/intervention strategies may be used:

1. A meeting between the student and the teacher.
2. A letter to the student and parent/guardian.
3. A meeting between the student, parent/guardian and the teacher and/or counselor.
4. A meeting between the student, teacher and principal.
5. An increase in the amount of time the student works under direct supervision.

Student Progress Evaluation

When a participating student misses three assignments, an evaluation shall be conducted to determine whether it is in the student's best interest to remain in independent study. This evaluation may result in termination of the independent study agreement and disenrollment from NMCCIS. Please note: a student's written agreement may specify a lower or higher number of missed assignments that will trigger an evaluation when the supervising teacher determines it appropriate based on the nature of the assignments, the total number of assignments, and/or other unique circumstances.

Written Master Agreement

The Superintendent or designee shall ensure that a written independent study agreement, as prescribed by law, exists for each participating student. (EC [51747](#), BP 6158) Before the student begins the independent study, the written agreement shall be signed and dated by the student, the parent/guardian or caregiver of the student if the student is under age 18, the supervising certificated teacher responsible for the general supervision of independent study, and all persons who have direct responsibility for providing assistance to the student.

The written agreement specifies the length of time in which each independent study assignment must be completed. Because excessive leniency in the duration of independent study assignments may result in a student falling behind his/her peers, independent study assignments shall be no more than one week for all grade levels and types of program. However, when necessary based on the specific circumstances of the student's approved program, the supervising teacher may allow for a longer period of time between the date an assignment is made and when it is due, up to the termination date of the agreement.

LISTING OF RESPONSIBILITIES

School Responsibilities:

- This Master Agreement is in effect for the 2022-2023 school year.
- The major objective for the duration of this agreement is to enable the student to keep current with, successfully reach objectives, and complete assignments identified in the Assignment Work Record for ___ grade studies for the period covered by this agreement.
- The North Monterey County Unified School District will provide the teacher

services, instructional materials, technology, and resources needed to complete assignments.

- The student will complete, during the term of this agreement, coursework consistent with the North Monterey County Unified School District adopted curriculum. The Assignment Work Record includes the course objectives/key learnings, method of study, resources, activities, and methods of evaluation as covered by this agreement.
- According to district policy for independent study in grades nine through twelve, no more than three weeks or fifteen school days may elapse between when an assignment is made by the teacher and the date it is due unless an exception is made in accordance with district policy.
- After three (3) consecutive missed assignments for this agreement, an evaluation will be made to determine whether independent study is an appropriate instructional strategy for this student.
- Independent study is a voluntary optional alternative in which no pupil may be required to participate; a classroom option will always be available to the student. In the case of a pupil who is referred or assigned pursuant to *Education Code* Sections 48915 or 48917, an alternative classroom has been offered and is available at all times at the school specified above.
- The student's work will be evaluated by the method(s) specified in the Assignment Work Record.
- The student agrees to meet with the teacher regularly, in accordance with the frequency, date, time, and location as specified during the initial intake meeting with the supervising teacher and as stated on the Assignment Work Record. The teacher has the option/ability to change meeting

frequency, date, time, or location either temporarily or permanently.

Student Responsibilities:

I understand that:

- Independent study is a form of education that I have voluntarily chosen and I will continuously have a classroom option available to me should I choose to no longer participate in independent study.
- I am entitled to textbooks and supplies, supervision by a certificated teacher, and all the services and resources received by other children enrolled in my grade.
- I have the same rights as other students in my grade at my current school.
- I must follow the discipline code and behavior guidelines of the school, in accordance with district policy.
- Failure to complete academic work equivalent to full attendance apportionment will result in an evaluation to determine if I should remain in independent study or be immediately returned to a classroom at my last school of enrollment.
- 20 hours of acceptable schoolwork is required to earn one (1) week of A.D.A. and cumulative academic credit. 1.5-2.0 credits of acceptable schoolwork each week maintains consistent progress towards graduation. More time may be necessary to complete graduation requirements if I enter the school behind in credits.
- I will be evaluated through an appropriate combination of assignment completion, knowledge/skills demonstration, oral/written presentation, quizzes/tests, and/or project/portfolio construction.
- I understand that I am responsible for checking my progress and current grade status as prescribed by my teacher(s).
- I understand that I will participate in all district- and state-designated testing,

including but not limited to SBAC, ELPAC, and Physical Fitness.

I agree to:

- Be supervised by and meet regularly with the assigned independent study teacher and/or approved resource personnel responsible for my educational studies as outlined on page one of this agreement.
- Complete my assigned work by its due date, as explained by my teacher or teachers and described in my written assignments.

Parent/Guardian/Caregiver

Responsibilities:

I understand that:

- Independent study is an optional educational alternative for my child that I have voluntarily selected. I agree to the conditions listed under “Student”.
- Learning objectives are consistent with and evaluated in the same manner that they would be if my child were enrolled in a traditional school program at his/her/their current school.
- If my child has an Individualized Educational Program (IEP), the IEP must specifically provide for his or her enrollment in independent study.
- Unless otherwise indicated, the supervising teacher who signs this agreement will meet with my child on a regular basis as specified during the initial intake meeting and as stated on the Assignment Work Record. The purpose is to direct the child’s study and measure progress toward the objectives in this agreement.
- I am responsible for supervising my child while he/she/they are completing the assigned work, providing assistance and support, checking for completion and quality on a regular basis, and ensuring the submission of all completed assignments necessary for evaluation by the due date.
- It is my responsibility to ensure that my child attends all scheduled appointments.
- It is my responsibility to provide any needed transportation for my child’s scheduled

meetings and any other travel covered by this agreement.

- I am liable for the cost of replacement or repair for willfully damaged books and other school property checked out to my child.
- I understand that students in grades 3-12 are required to participate in all district- and state-designated testing, including but not limited to SBAC, ELPAC, and Physical Fitness.
- I understand that NMCCIS will communicate with me by phone, email, text, letter, or other digital means; I understand I can submit a letter if I do not want a specific form of communication; I will communicate with the administrative office when/if any of my contact information changes.
- I have the right to appeal to the school administrator any decision about my child’s placement or school program in accordance with the North Monterey County Unified School District’s policies and procedures.

DISCIPLINE

Zero Tolerance

The definition of zero tolerance taken from Ed Code 48915 states that expulsion must be recommended by a Principal or Superintendent for the following actions committed at school or at a school activity (BP 5131.7):

1. Possessing, selling or otherwise furnishing a firearm. Verification of the offense by a school official is required for the possession offense only.
2. Brandishing (waving or flourishing) a knife at another person.
3. Unlawfully selling a controlled substance.
4. Sexual assault and battery.

NMCCIS has a system of discipline that applies school-wide in a fair, consistent manner. Our goal is to provide a positive

learning environment and prevent the repetition of an unacceptable behavior to ensure a safe and orderly learning environment.

- **Administration Responsibilities**
Administrators will monitor the implementation of the discipline plan and assure consistency of its enforcement. The principal will make final decisions relating to school policy.
- **Staff Responsibilities** – The teachers will support administrative policies. Teachers will frequently monitor and review the discipline policy with the students to assure consistent implementation.
- **Student Responsibilities** – While on campus, students will follow all school rules, show respect for all adults, fellow students, and both personal and school property. In addition, students will comply with the established guidelines of the North Monterey County Unified School District student dress code.
- **Parent Responsibilities** – The parents of students must support the school rules and policies. All rules, regulations, policies, and administrative decisions are in effect and binding on any student(s) attending our school.

Progressive Discipline Process

A progressive discipline process is followed. As students continue violating school rules, consequences for student actions become more severe. **Repeated violations of major and minor violations will be subject to suspensions, behavior contracts, and possible expulsion. A police report will be filed, as required by law, where appropriate.** The consequences for these actions range from, but are not limited to, a minimum of a parent contact to

SEXUAL HARASSMENT

The Governing Board is committed to maintaining an educational environment that is free from harassment. The Board prohibits sexual harassment of students by other students, employees or other persons, at school or at school-sponsored or school-related activities. The Board also prohibits retaliatory behavior or action against persons who report, testify, assist or otherwise participate in the complaint process.

Instruction/Information on Sexual Harassment

Policy ensures that all district students receive age-appropriate instruction and information on sexual harassment to include what behavior constitutes sexual harassment, a clear message that students do not have to endure sexual harassment, encouragement to report observed instances of sexual harassment, and information about the person(s) to whom a report of sexual harassment should be made.

Food Guidelines

Food Guidelines and Smart Snacks in Schools:

The North Monterey County Unified School District recognizes the link between student health and learning. The District promotes the health and wellness of students and staff through the Local Wellness Committee, and support the implementation of the District Wellness Policy and food guidelines, by including Smart Snacks in school standards.

What are Smart Snacks?

Smart Snacks in School support efforts by school food service staff, school administrators, teachers, parents and the school community, all working hard to instill healthy habits in students. The USDA has finalized the Smart Snacks in School nutrition standards rule, by passing a federal law on July 1, 2014. Smart Snacks puts all foods and beverages sold to students across campus on a level playing field. The standards encourage healthier foods and beverages and limiting junk food.

· Smart Snacks applies to all foods and beverages sold and offered to students

outside of the school meals programs- including in-school fundraising.

- Smart Snacks is in effect all day (midnight before to 30 minutes after the end of the school day) across the whole school campus.
- Foods and beverages sold to students as fundraisers during the school day have to meet Smart Snacks guidelines. Our state does not allow fundraisers to be exempt.
- Non-food fundraisers are encouraged and or fundraisers that include only foods and beverages that meet the standards are allowed!

We ask all parents/teachers follow these same guidelines when bringing food to the classroom.

Because of possible food allergies or dietary restrictions parents need to check with the school before bringing food.
