# 2018-19 Facilities Advisory Committee Meeting Summary

## Committee Goals and Purpose

Serves as an advisory group to the superintendent, the committee is responsible for informing and updating the status of North Monterey County Unified School District facilities.

At the March 12, 2019 meeting the group received a status update on completed projects as well as upcoming projects. The Committee members then collaborated in small groups to identify priority projects at all district sites, based on all the information gathered during previous meetings held at each district site. At the conclusion of the meeting the committee prioritized a list of the district's top facility needs.

## Top Site Needs

1. Security Fencing at the North Monterey County Middle School
2. STEM Building at North Monterey County High School
3. Domestic Water Connection at multiple sites, and sanitary sewer at Prunedale
4. Replace portable classrooms with permanent classroom buildings at multiple sites
5. Modernization of POD A & HVAC at Castroville Elementary School, and Library/Media Center & MPR at Echo Valley Elementary School
6. Replace Floor & Bleachers in the gym building at North Monterey County Middle School

## Conclusions

The committee will meet again to identify additional stakeholders to be involved in the facilities master planning process. Moving forward, the process of completing a Facilities Master Plan will include holding stakeholder meetings to gather input from various groups such as; students, parents, district staff, community members, board members, and the local business community.
