Note:

I. INSTRUCTIONAL TIME GOALS AND INCENTIVE REQUIREMENTS

The fiscal years 1984-85 and 1985-86 were transition years in the process of increasing instructional opportunities for California students. The "longer year" provision of SB 813, whereby school districts were provided \$35 per ADA for offering 180 days a year, was wholly implemented in 1984-85. Of course districts must maintain 180 day years in order to continue to receive the "longer year" funds through their revenue limits. By contrast, the "longer day" provisions of SB 813 have been phasing in during 1984-35 and 1985-86 and any district may have had different instructional minute requirements compared to its neighbor, depending upon time offerings in 1982-83. In 1986-87, all districts (except those who must maintain longer 1982-83 schedules) have the same "minutes-per-year" goals of Education Code Section 46201. Those goals, for 1986-87 and later years are:

Kindergarten
36,000 minutes per year

Grades 1 through 3
50,400 minutes per year

Grades 4 through 8
54,000 minutes per year

Grades 9 through 12
64,800 minutes per year
