N.E.S.T

NURTURE EDUCATE SOCIALIZE THRIVE

What we offer

- Before and After-School care
- Homework help
- Academic and Enrichment support
- Nutrition
- Social-emotional learning

ABOUT THE PROGRAM

The N.E.S.T Program, formerly referred to as ASES, collaborates and integrates with the regular school day and other extended learning opportunities while providing a physical and emotional safe environment, providing opportunities to build relationships, and to promote active student engagement through:

An academic element and an enrichment element

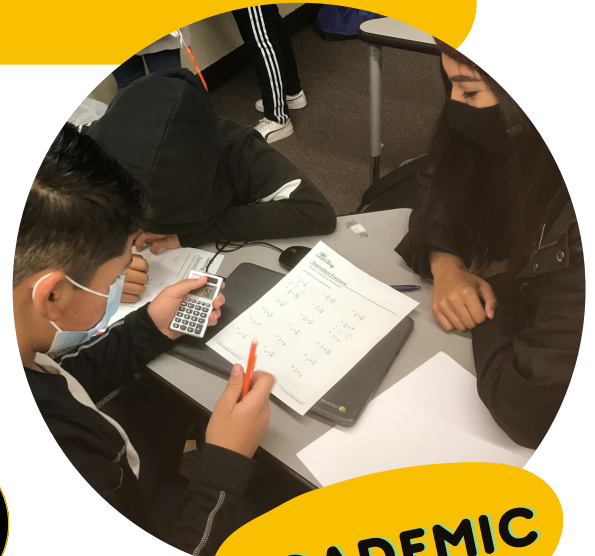

The academic element includes tutoring and/or homework assistance, as well as, supplemental activities designed to help students meet state standards in one or more of the following core academic subjects:

language arts, mathematics, history and social science, science, or computer training.

The enrichment element offers an array of additional services, programs, and activities that reinforce and complement the regular academic program to support positive youth development. Enrichment activities include physical education, arts & craft, music, sports, SEL, and STEAM. While in the program, students will also be provided a nutritious meal, as well as a snack, prepared and offered by the school's nutrition department

SPORTS

ACADEMIC

Enrichment

The program does not discriminate on the basis of sex, gender, sexual orientation, ethnic group identification, race, ancestry, national origin, religion, color, or mental or physical disability in determining which children are served. Due to limited space, families must express a desire and/or need for services, and agree to consistent participation with a minimum attendance requirement of 3 days a week or 9 hours per week, in order to be considered. Students that are not in good standing in attendance and/or violate behavioral terms that may otherwise jeopardize the safety of others, may be dropped from the program.
